Key information

Auckland

New Zealand makes you feel welcome

Kiwis are some of the most welcoming people that you will ever meet. Just over four million people live here, and it is one of the safest places in the world. Over 30 nationalities call New Zealand home.

Our educational system is highly regarded

In New Zealand and at NZ Welding, Trades & Services you are guaranteed the high quality, hands on education you deserve. The support services for international students are among the best in the world.

Stable economy

We have a democratic system of government and our economy is growing and stable.

Work opportunities

We recognise that for many international students it is important to be able to work, to support day-to-day living. In New Zealand, there are work opportunities available for international students.

Why choose

NZ Welding, Trades & Services?

**Campus
in exciting
location**

Auckland

Our campus is located in New Zealand's most vibrant city, just a step from shopping malls, restaurants and theatres.

Not only that, you will have everything you need to learn and succeed. We work with employers in each location so you have every chance to launch or extend your career as part of your studies.

**Study for
a career in
welding**

Welder and fitter-welder appear on Immigration New Zealand's construction and infrastructure skill shortage list. This means the Government is actively encouraging skilled welders from overseas to work in New Zealand. Welders work in a variety of industries. We work closely with industry partners to ensure that what we are teaching is what they are looking for when you graduate.

**Help with
employment**

Throughout your study, you will gain insights into real industries by hearing directly from our industry partners.

Our team are dedicated to helping you find work through these partnerships – whether that is part-time work while you study, or full-time work in your holidays or when you have completed your studies.

Expert tutors who make a difference

Launching or extending your career begins with a positive, engaging study experience. Whatever path you are taking, that's just what you will get by working with our dedicated and talented teachers, and enjoying our welcoming campuses.

An up-to-date range of study

Our programmes are delivered using up-to-date techniques and content, and aligned with industry standards. We work with the New Zealand Qualifications Authority (NZQA) and industry leaders to keep our curriculum fresh and relevant.

Counselling and support

When you are studying a long way from home, sometimes you might need someone to talk to. Feeling relaxed and enjoying your learning experience is a large part of your success, so we have counsellors to help you sort out any problems – in your first language.

Time for work and play

Life at NZ Welding, Trades and Services isn't all hard work – learning new concepts or new ideas can be tiring. It's good to balance that work with plenty of fun, and that's why we organise activities to encourage you to mingle with other students and, if you're coming from overseas, to experience Kiwi life.

Key information for international students

Medical and travel insurance

International students must have appropriate and current medical and travel insurance while studying in New Zealand. It must include cover for student travel to and from New Zealand for the duration of time that the student is enrolled. We can arrange students' insurance through OrbitProtect (for more information go to www.orbitprotect.co.nz).

Alternatively, students can arrange their own insurance, and they must provide proof of suitable insurance at the time of enrolment. Please contact Student Services for more information on insurance:
sg.international@solomongroup.co.nz.

If you have any questions about OrbitProtect insurance, or if you wish to make a claim once the policy is in force, OrbitProtect can be contacted on: 0800 478 833 or 0800 4 STUDENT if you're in New Zealand or +64 3 434 8151 (Reverse Charge) if you're outside New Zealand.

Health services eligibility

Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on their website at www.moh.govt.nz

Accident insurance

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but you may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at www.acc.co.nz

Visas

International students are required to have a valid student visa during their stay in New Zealand. Once you have received an Offer of Place from us and you have paid your tuition fees, you should apply for a relevant visa from Immigration New Zealand office www.immigration.govt.nz

Pastoral care

NZ Welding Trades & Services promotes the wellbeing of students and supports them during their studies. We have agreed to observe and are bound by the Code of Practice for the Pastoral Care of International Students. Copies of the Code are available from the NZQA website at www.nzqa.govt.nz. You should make sure you have read and understood the Code.

Student fee protection

The New Zealand Government requires all New Zealand Qualifications Authority (NZQA) registered Private Training Establishments to protect student fees paid to them in advance. We are registered for Fee Protect through The Public Trust, which has an unsecured capital guarantee from the New Zealand Government. For further information visit www.feeprotect.co.nz

Student withdrawals and fee refunds

Our fee refund policy is in accordance with the Education Act 1989 and amendments, and applies to international and domestic students. Please refer to our website for details

Meet Prabheep Singh Dhillon

Welding Level 3 & 4 graduate

Enrolling at NZ Welding, Trades & Services was a sharp move for Prabheep Singh Dhillon. Now he not only has in-demand welding and fabrication skills, but he's also got the confidence and industry contacts to launch a lucrative career.

"I really enjoyed training at NZ Welding. I made a big circle of new friends and we learnt so many things together. We're like family now! One of the best things about NZ Welding is that there are lots of welding bays to practice in and all the machinery and equipment they use is up to date. It's a really good environment for learning – I felt so inspired!

Thanks NZ Welding, Trades and Services for the great training experience and employment support in landing me a brilliant new job, I love putting my new skills to use.
